 Hoi Sen Yong

CONTENTS

Cranbrook at eighty: His contributions so far. Ornithologist, mammalogist, zooarchaeologist, chartered biologist and naturalist. G. W. H. Davison, H. S. Yong and D. R. Wells	1
Gathorne Cranbrook, first Chairman of English Nature: A personal recollection. D. Langslow	9
A Malaysian National Conservation Strategy: Based on State Conservation Strategies. J. I. Furtado, D. R. Wells, L. Chan, Y.-L. Mah and G. W. H. Davison	13
Ground implementation of the Malaysian State Conservation Strategies. L. Chan and Y.-L. Mah	33
A view from the trees. P. S. Ashton	41
Biology of the bamboo-inhabiting semi-aquatic bugs <i>Lathriovelina rickmersi</i> Kovac & Yang and <i>L. capitata</i> Andersen (Insecta: Heteroptera: Veliidae) and habitat specialisation in the Oriental <i>Baptista/Lathriovelina</i> complex. D. Kovac and M. Krocke	49
Sweet or savoury? Adult feeding preferences of Lepidoptera attracted to banana and prawn baits in the Oriental tropics. J. D. Holloway, H. S. Barlow, K. L. Hok and V. K. Chey	71
<i>Stygothelphusa cranbrookii</i> , a new species of cave crab from Gua Sireh, Sarawak, Malaysia (Crustacea: Decapoda: Brachyura: Gecarcinucidae). P. K. L. Ng	91
Molecular phylogeny of filarial worms (Nematoda: Filarioidea). P. Eamsobhana, P.-E. Lim and H. S. Yong	99
Definitive rodent hosts of the rat lungworm <i>Angiostrongylus cantonensis</i> . H. S. Yong and P. Eamsobhana	111
Gathorne Cranbrook's contributions to parasitology in Malaysia in the 1960s: A historical perspective. K. Rohde	117
A zoologist with a taste for the past: The Earl of Cranbrook's contributions to zooarchaeological research in Southeast Asia. P. Piper, R. Rabett and G. Barker	121
Zooarchaeology in Sarawak in the 21 st century. C. M. U. Leh and I. Datan	133
Quaternary <i>Elephas</i> fossils from Peninsular Malaysia: Historical overview and new material. T. T. Lim	139
Ecological study of the Malaysian water shrew <i>Chimarrogale hantu</i> (Harrison, 1958) (Mammalia: Soricomorpha: Soricidae) with remarks on "ecological labelling" by parasite patterns. B. L. Lim, D. M. Belabut and R. Hashim	155
An account of the Himalayan mountain soricid community, with the description of a new species of <i>Crocidura</i> (Mammalia: Soricomorpha: Soricidae). P. D. Jenkins	161

Southeast Asian primates: Socio-ecology and conservation. D. J. Chivers	177
Conservation of rain forest mammals in Sabah: Long term perspectives. J. Payne and G. Davies	187
Strategic guidelines for the translocation of primates and other animals. M. Kavanagh and J. O. Caldecott	203
Changing perspectives on the diversity of bats (Mammalia: Chiroptera) at Ulu Gombak since the establishment of the Field Study Centre in 1965. K.-W. Sing , K. Syaripuddin and J.-J. Wilson	211
Seasonal occurrence, migrations and habitat relationships of blue-tailed and blue-throated bee-eaters <i>Merops philippinus</i> and <i>M. viridis</i> (Aves: Meropidae) in Peninsular Malaysia. I. C. T. Nisbet	219
Roosting and nest-building behaviour of the white-nest swiftlet <i>Aerodramus fuciphagus</i> (Thunberg) (Aves: Apodidae) in farmed colonies. Mohamad Fizl Sidq Ramji , C. K. Lim and Mustafa Abdul Rahman	225
Raffles in MacRitchie Forest? An overlooked collecting ‘first’ for Singapore, with consequences for avian nomenclature. D. R. Wells	237
Bring back the birds! Planning for trees and other plants to support Southeast Asian wildlife in urban areas. C. J. Hails and M. Kavanagh	243
Dresser, Seeböhm, and the scope of Palaearctic ornithology. G. W. H. Davison	259
Species richness and endemism of the herpetofauna of South and Southeast Asia. I. Das and P. P. van Dijk	269
Tailpiece: Man and maia. M. Kavanagh	279
